

USA PATRIOT ACT

Important information about procedures for opening or changing an account with Home National Bank.

Section 326 of the USA Patriot Act requires all financial institutions to obtain, verify, and record information that identifies each person who opens an account or changes an existing account. This federal requirement applies to all new and current customers. This information is used to assist the US Government in the fight against the funding of terrorism and money-laundering activities.

What this means to you: When you open an account or change an existing account, we will ask each person for their name, physical address, mailing address, date of birth, and other information that will allow us to identify them. We will ask to see a photo ID and another type of identifying document to copy and record the information from each of them.
